

## FREMEDICA LAUNCHES NIGHT-TIME WEARABLE THAT IMPROVES CELLULAR FUNCTION FOR BETTER SLEEP, LESS PAIN AND MORE ENERGY

VANCOUVER, BRITISH COLUMBIA – October 27, 2022 – Frequency Exchange Corp. (“Frequency Exchange” or the “Company”) (TSXV: FREQ) is pleased to announce that its wholly-owned subsidiary, FREmedica Technologies Inc. (“FREmedica”), a Canadian Wellness Company, announces an October 31st launch date for NIKKI, a Frequency Delivery System that supports recovery from wellness and performance issues while you sleep.

Bioenergetics-based NIKKI emits frequencies that help restore cellular function within the body’s network of 37 trillion cells. NIKKI works at night to overcome physical and emotional trauma experienced during the day. In daytime mode, NIKKI offers a range of frequencies chosen to complement the day’s issues and activities; from a stressful meeting to running a half-marathon.

A recent study showed that 73% of all users in a beta test showed significant improvement in mood, energy, and overall wellness during the trial. Learn more at [www.WeAreNikki.com](http://www.WeAreNikki.com) and preview Dr. Leigh Erin Connealy’s research findings and presentation on NIKKI.

Reservations for an initial run of 5,000 NIKKI devices are being taken at [www.WeAreNikki.com](http://www.WeAreNikki.com), with delivery scheduled for November.

FREmedica spokesperson NICOLE SULLIVAN comments that “NIKKI is a breakthrough entry in the wellness market. While other wearables record data on wellness, NIKKI actually improves it. They track, NIKKI acts.”

A \$250 NIKKI early-adopter pre-release includes the NIKKI Gold package, with the device, lifetime access to the Night-Time frequency package and a one-year subscription to the Energy Boost, Stress and Anxiety, Pain Relief and Travel frequency programs at a saving of \$120.

Special offer ends December 1, 2022 when retail pricing goes into effect with a \$10 monthly subscription for the additional frequencies.

To secure the special launch pricing and reserve a unit, customers are encouraged to visit [www.WeAreNikki.com](http://www.WeAreNikki.com) immediately to secure their spot in line.

## About the Company

Based in British Columbia, Canada, the company is focused on the development and commercialization of a Frequency Delivery System that you wear, to markets worldwide, delivering specialized programs designed for health and wellness as well as performance enhancement. NIKKI is the fifth-generation Frequency Delivery System released by the Company. It is the third wearable technology created by the Company, initially to help clients with chronic Lyme disease. This wearable technology combined with the frequencies is the result of years of development and experimentation with the latest in bio-energetic technology.

## Cautionary Note Regarding Forward-Looking Information

Certain information contained herein constitutes “forward-looking information” under Canadian securities legislation. Forward-looking information includes, but is not limited to, statements with respect to the trading date of the Company’s common shares on the Exchange. Generally, forward-looking information can be identified by the use of forward-looking terminology such as “will” or variations of such words and phrases or statements that certain actions, events or results “will” occur. Forward-looking statements are based on the opinions and estimates of management as of the date such statements are made and they are subject to known and unknown risks, uncertainties and other factors that may cause the actual results to be materially different from those expressed or implied by such forward-looking statements or forward-looking information. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Readers should not place undue reliance on forward-looking statements and forward-looking information. The Company will not update any forward-looking statements or forward-looking information that are incorporated by reference herein, except as required by applicable securities laws.

Additional information identifying risks and uncertainties is contained in filings by the Company with the Canadian securities regulators, which filings are available under the Company’s profile on SEDAR at [www.sedar.com](http://www.sedar.com).
