

FREQUENCY EXCHANGE CORP. APPOINTS MICHAEL MOE TO ADVISORY BOARD

For Immediate Release

VANCOUVER, BRITISH COLUMBIA – December 12, 2025 – Frequency Exchange Corp. (TSXV: FREQ) (OTC: FRECF) (“Frequency Exchange” or the “Company”) is pleased to announce the appointment of Michael Moe to its Advisory Board.

Michael Moe is the Founder and CEO of GSV, a growth-focused investment platform with a track record of investing in transformative technology companies including Facebook, Twitter, Snap, Spotify, Palantir, and Coursera. He is also the co-founder of the ASU+GSV Summit, which Forbes referred to as “the Davos of Education,” and has contributed to expanding global interest in the digital learning and wellness sectors through GSV’s various funds and partnerships.

Mr. Moe previously served as Head of Global Growth Research at Merrill Lynch and was named to the Institutional Investor All-America Research Team. He also founded ThinkEquity Partners and has authored several books on entrepreneurship and impact-focused investing.

“Michael brings a long-term view and deep experience at the intersection of innovation, wellness, and capital markets,” said Stephen Davis, CEO of Frequency Exchange Corp. “His decision to join our advisory board supports our commitment to maturity in execution, governance, and long-term value creation.”

Michael holds a BA in Political Science and Economics from the University of Minnesota and is a CFA charter holder. He currently resides in Dallas, Texas.

About Frequency Exchange Corp.

Frequency Exchange Corp. (TSXV: FREQ; OTC: FRECF) is the parent company of FREmedica Technologies Inc., a developer and commercializer of frequency-based digital wellness technologies. The Company’s flagship product, NIKKI, delivers programmable frequency wellness programs designed to support cellular communication and overall wellbeing.

Originally developed to support those with Lyme disease, the NIKKI platform has evolved to address broader use cases, including sleep, pain, energy, immune support, and athletic recovery. The Company’s technology is supported by ongoing testing and quality-of-life evaluations.

Cautionary Note Regarding Forward-Looking Information

Certain information contained herein constitutes “forward-looking information” under Canadian securities legislation. Forward-looking information includes, but is not limited to, statements with respect to the trading date of the Company’s common shares on the Exchange. Generally, forward-looking information can be identified by the use of forward-looking terminology such as “will” or variations of such words and phrases or statements that certain actions, events or results “will” occur. Forward-looking statements are based on the opinions and estimates of management as of the date such statements are made, and they are subject to known and unknown risks, uncertainties and other factors that may cause the actual results to be materially different from those expressed or implied by such forward-looking statements or forward-looking information. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Readers should not place undue reliance on forward-looking statements and forward-looking information. The Company will not update any forward-looking statements or forward-looking information that are incorporated by reference herein, except as required by applicable securities laws.

Additional information identifying risks and uncertainties is contained in filings by the Company with the Canadian securities regulators, which filings are available under the Company’s profile on SEDAR+ at: www.sedarplus.ca.

Neither the Exchange nor its Regulation Services Provider (as that term is defined in the policies of the Exchange) accepts responsibility for the adequacy or accuracy of this release.
